

SYMPOSIUM

# UNU SDG–Universities Platform 2026 Public Symposium

**13 March 2026 (Fri)**

13:00–16:40 (JST)

**VENUE**

Elizabeth Rose Hall, UNU Headquarters Building,  
53-70, Jingumae 5-chome Shibuya-ku, Tokyo — and online

This event will discuss sustainability initiatives of universities participating in the UNU SDG–Universities Platform (SDG–UP). Its first session will feature reports and discussions on the efforts of SDG–UP working groups and the initiatives of participating universities towards achieving the SDGs. The second session will include presentations and dialogue between students who have completed the platform's UN SDGs Introductory Course.

SDG–UP was established in 2020 with the aim of strengthening collaboration among Japanese universities and various stakeholders to promote research and educational activities advancing the SDGs, enhancing the presence of Japanese universities in the international community, and contributing to the sustainable development of Japan and the world.

The symposium will be held in Japanese with English interpretation.
